Introducing

Tony Griffith

And his visual talk presentation

*"There is a trick to every trade
But mine is a trade of tricks"*

The Art of the Magician

Are you looking for something new to include in your organisation's programme of events?

Are you looking for interesting Speakers?

Whether you are a member of Probus, a Ladies Organisation, Civic Society, History Club, U3A, or some similar organisation

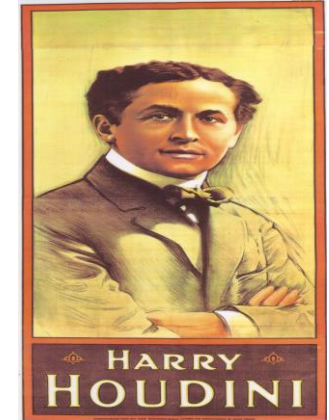

The Art of the Magician could be just the thing you are looking for.

The Art of the Magician is a visual talk presentation that explores various aspects of the magician's art in an entertaining way.

As well as showing some of the 'tricks of the trade' from his Case of Magic, Tony will talk about some of the famous magicians of yesteryear.

The presentation lasts approximately one hour.
Questions are invited.

From the top left hand corner clockwise,
Chan Canasta, Harry Houdini, The Piddingtons and
Tommy Cooper all made their mark in the
entertainment world.

You can learn more about them and why they became famous when Tony visits your club.
